To learn more, see [Install and Manage Building Blocks](#).

## Managed Hosting Clients

The Blackboard Managed Hosting team will apply this Building Block on hosted Production systems currently using the April 2014 Release during a standard maintenance window. Customers will be contacted in a separate communication with the date and the time scheduled along with the expected impact to the hosted systems. For clients that want the update sooner they may update the Building Block via Software Updates module and create a Support case on Behind the Blackboard to schedule the recommended server restarts (to expedite the scheduling process please include a desired day and time for the restarts to begin).
