

# Social Learning Tools Release Notes: Aug 2014

---

## Release Basics

**Building Blocks Names:** Software Updates, Cloud Profiles, Social Profiles and Tools

**Latest Version:**

- 3.8.9 for 9.1 Service Pack (SP) 12 and later

**Launch Date:** August 6, 2014

**License Requirement:** None

## Minimum Learn Version

Blackboard Learn 9.1 SP 12

## Versions and Installation Order

The building blocks listed below are a recommended update for the Enhanced Profiles functionality, but they are not required. However, they are **required** in order for Course Delivery Only licenses to have full access to Social Profiles and Tools.

The building blocks will be released through Software Updates on Wednesday, August 6, 2014 at 12 p.m. US Eastern (GMT -4). A new version of Software Updates, Cloud Profiles, and Social Profiles and Tools will appear as building block updates in the Software Updates module within 24 hours. If needed, the building blocks may also be downloaded from Behind the Blackboard.

Install the released building blocks in the following order:

1. Software Updates
2. Cloud Profiles
3. Social Profiles & Tools

## Blackboard Learn Requirements

The update requires the following platforms, including the stated minimum Cumulative Updates (CU). The linked resources are available in English only.

## Resolved Issues

- Cloud Management: Private Spaces and Reported Items look and feel not consistent with other links
- bb-services-log.txt displays the following error on Learn instances with a non-production cloud instance type: "Error executing SingletonOperation: null - blackboard.plugin.profiles.sync.CloudSyncException"
- Cloud connection's uncached shared secret is loaded from the system registry unnecessarily, causing blocked threads while decrypting in some cases.
