Think outside the classroom.

Download the Blackboard Instructor app.

Simplify your academic life with the Blackboard Instructor app, a mobile teaching experience tailored to meet the needs of educators.

With Blackboard Instructor, you can:

Save time

Blackboard Instructor allows you to send announcements, quickly check your courses and monitor discussions on the go.

Preview mobile-friendly content

Make sure your course materials, content and assessments are mobile-friendly for students using the Blackboard mobile app.

Easily complete tasks

Blackboard Instructor's simple, user-centric design helps you easily access what you're looking for and quickly move through tasks.

Connect with students

Connect with your students right from your phone using Collaborate.*
