Collaborate Ultra Resolved Issues - Apr 2016

The following issues from the previous known issues have been resolved.

Resolved Issue	Status
----------------	--------

A previously uploaded profile picture occasionally fails to load.

Fixed A maximized chat text field doesn't return to the original size.

Fixed Shared file name text is misaligned when a moderator disables whiteboard annotations for participants.

Fixed User is unable to switch between the whiteboard and video panel when the text tool is selected.

Fixed Ensure keyboard focus is indicated visually (WCAG 2.0 AA fix)

Fixed The proper visual indicator does not appear over the video icon when a user presses Tab to navigate through a Collaborate session.

Fixed A line break issue occurs when a user switches to follow the speaker mode.

Fixed
