

# Web Community Manager 2.25 Release Notes

## New or Changed Functionality or User Experience

---

### Calendar Improvement

We've made an improvement to the calendar based on your feedback. We improved the search process so that legacy calendars are no longer returned in search results. The current calendar will appear for all search results.

### Resolved Issues

---

We have resolved the following issues in this release. We've listed the issues as they were originally entered and in the order that they were reported.

<i>Functional Area</i>	<i>Subject</i>
<b>Accessibility</b>	Fixed the <i>Click Here</i> link text in the Document Viewer app to make it less generic.
<b>Accessibility</b>	Fixed custom error messages to make sure they are AX compliant.
<b>Accessibility</b>	Fixed an issue with duplicate IDs in the login page.
<b>Links</b>	Fixed an issue with Map Section to Web Address where clicking the Channel Link when top (or only) section is mapped will not open in a new window.
<b>Staff Directory App</b>	Fixed an issue in the Staff Directory when there is an ampersand in the location field a search returns 0 records.
<b>Upcoming Events</b>	Fixed an issue where the link from upcoming events returned the legacy calendar event detail view page.
<b>Forms and Surveys</b>	Fixed an issue where a user was unable to complete a multi-answer checkbox multiple choice question in IE 11.
<b>Images</b>	Fixed an issue where the image size wasn't recalculated if a user entered invalid characters.
<b>Templates</b>	Fixed an issue where quotes were causing template rendering issues in Template Library templates.
<b>Templates</b>	Fixed an issue where adding a URL that contains an ampersand to the Icon link caused code to appear in the template.
<b>Passports</b>	Fixed an issue with the user update import where passport permissions were overridden if passports weren't mapped.

# Web Community Manager 2.25 Release Notes

---

<i>Functional Area</i>	<i>Subject</i>
<b>On-screen Alerts</b>	Fixed an issue where alerts created in Bb Comms and then pushed to a specific subsite didn't appear in the district's list if the user didn't allow on-screen alerts on subsites.

## Technical Requirements

---

Here are the [Web Community Manager End-User Technical Requirements](#).  
The [Blackboard Privacy Policy](#) updated to reflect the Blackboard brand.

## Refresh Your Cache

---

It's always a good practice to clear your browser cache on a regular basis. [Refresh your Cache](#) shows you how to clear your cache in any browser.

## Resources and Materials

---

As always, you can find resources and materials related to this release as well as to the many features and functions on the [Blackboard Help](#) website. [Core Resources and Hot Help Topics](#), [Apps Showroom](#), [Training](#) and [Creative](#)—we've got the information you need to succeed with your Web Community Manager website.
