Web Community Manager 2.26 Release Notes

New or Changed Functionality or User Experience

Headlines & Features app

We updated the Headlines and Features app for Web Community Manager. We've added the ability to link the headline to multiple types of content. You can now create an article, upload a file, or enter a link, for your headline.

Web Community Manager 2.26 Release Notes

Resolved Issues

We have resolved the following issues in this release. We've listed the issues as they were originally entered and in the order that they were reported.

Functional Area	Subject
Google Sync	The user will not be able to sync their Google calendar if Google has not provided valid tokens
LDAP	Unable to login to sites with LDAP
Content Moderation	Clicking on Approval Queue in Site Manager causes occasional error message
Wiki app	Upload from Cloud storage is available for the end user
Site Manager	Section editors aren't able to access Site Manager if one of their sections has been deleted.
Assignments app	Users are unable to edit older assignments
Site name	Apostrophes in the site name field cause rendering problems with templates
User accounts	Editing permissions tab is sometimes blank for users even though they have valid editing permissions
Calendar	Registered event emails were not being sent
Calendar	Removed the period after May
Calendar	Moved the colon closer to the event title
Calendar	Last day to register cannot be the current date
Twitter	Twitter wasn't working due to a change in Twitter's API
Content Moderation	"Send for Approval" button was appearing in 2 situations where it should not be appearing.

Technical Requirements

Here are the Web Community Manger End-User Technical Requirements.
The Blackboard Privacy Policy updated to reflect the Blackboard brand.

Refresh Your Cache

It's always a good practice to clear your browser cache on a regular basis. Refresh your Cache shows you how to clear your cache in any browser.
