Release Notes for Blackboard Learn 9.1 SP 10

Original Launch Date: November 5, 2012

Build Number: Build: 9.1.100401.0

Checklist for Upgrading

1. For self-hosted installations, ensure your server hardware and software will support SP10.
 - [Server hardware capacity](#)
 - [Performance review](#)
 - [Server software compatibility](#)
2. If you have made customizations to your login page, system themes, roles, course templates, or building block availability, record all of the customizations and back up customized files. See [READ ME before running the updater](#) for more information.
 - [Login page](#)
 - [Themes](#)
3. Review all security measures and policies to ensure your system has the best protection and meets any new standards or security changes.
 - [Security Enhancements](#)
 - [SSL Choice](#)
4. Prepare your end users, faculty, staff, and students for [new features and functions](#).
5. Review other relevant institutional practices and policies.
 - [Accessibility](#)
 - [Privacy](#)

See [Testing Your Environment](#) for a thorough checklist of tasks after an upgrade.
