Support for LTI Standards in Blackboard Learn 9.1 SP 10

The IMS has merged the Basic LTI and the LTI specifications with the release of LTI 1.1. Use of the term "Basic LTI" refers to Basic LTI 1.0.

Blackboard is certified to support LTI 1.1. This includes support for outcomes (grading of LTI-based assignments) and support of additional launch parameters. Blackboard also supports custom parameters that may include Learn template variables that are resolved to Learn data (@X@ variable interpolation).

LTI 1.0 support in 9.1 SP10 has not changed. LTI 1.0 is supported on 9.1 SP4 and above. LTI 1.1 is supported on 9.1 SP10 and above.
