

xpLor Update: June 2014

Release Information

Launch Date: June 11, 2014

Requirements

Blackboard Learn requires Service Pack 10 and later. To learn more, see [Blackboard Learn Requirements](#).

ANGEL requires 8.0 Service Pack 4 and later. You can request integrating your ANGEL learning environment with xpLor by submitting a ticket through Behind the Blackboard or contacting your ANGEL Engagement Manager. To learn more, see the xpLor announcement for ANGEL.

Our partners at Netspot, a Premium eLearning Technology Services Partner to education organizations within the Asia Pacific region and an official Moodle Partner, support core Moodle features (version 2.3 or later). For more information, contact [Netspot](#).

Blackboard Open LMS' Joule 2 platform. To learn more, see the [Joule Summer 2013 Release Brief](#).

Release Highlights

This version is a maintenance release to address bug fixes. This version is a cloud services deployment, which will appear immediately for all users. The following new feature has been added:

XPLR-1358: Users are now able to determine which version of xpLor they are running by going to the "About" dialog. The version will display as "Basic" or "Premium".

Resolved Issues

XPLR-2610: Better error reporting for failed CC Imports.

XPLR-2611: Tag help doesn't work.

XPLR-2614: Problems using images as multiple choice options.

XPLR-2615: Publishing an item to another course after edit is not placing it correct course.

XPLR-2624: When beginning a quiz and then abandoning it or saving quiz progress the quiz shows up in submissions to be graded within xpLor.

XPLR-2630: On production site, channel about info is showing the owner as anonymous.

XPLR-2634: xpLor launch and launchRedirect links in content collection throws a No Course ID error.

XPLR-2635: Email Address is not being populated on the xpLor system administration user management console.

XPLR-2639: CC: Attachments with spaces in the filename don't export and re-import correctly.

XPLR-2641: Some Khan Academy videos are not loading in xplor.

Known Issues

Identified known issues are added to the [Known Issues](#) list, and we welcome your feedback on issues that you may encounter. Please submit a ticket to your Client Support representative.
