

Assignment App User Guide

Create coursework for your students using the assignment app. This app allows you to add a single assignment or multiple assignments at once. You can also associate a calendar due date with assignments so it's easier for students to access them.

Add the Assignment app

Drag the Assignment app onto your page.

1. Select *New Assignment*.
2. Enter the *Assignment Title*, *Assignment Category*, *Date Assigned*, and *Date Due*.
3. Select *Directions* and enter the assignment details. Include images or links and add necessary styles to your text.
4. Select *Post to Calendar* and *Add to Calendar* to add the assignment, with the due date, to the selected calendar.
5. Select *Save*.
